*Under the mandate of U.S. Attorney General **Eric H. Holder Jr.**, America's **Pharmaceutical Giant Pfizer Inc.** was condemned to pay **\$2.3 billion**, the largest health care fraud settlement in the history of the Department of Justice, to resolve criminal and civil liability arising from the illegal promotion of certain pharmaceutical products.*

*"The company [Pfizer] will pay a criminal fine of \$1.195 billion, **the largest criminal fine ever imposed in the history of United States.**"*

Pfizer's CEOs were not Arrested. They were Put on "Probation" by the U.S. DOJ

A probation officer under the auspices of the U.S. DOJ had the mandate to **"investigate and supervise persons charged with or convicted of federal crimes"**. In the case of Pfizer's probation, the DOJ had called upon the company to **"cease its conduct of criminal activities"**

"As part of the settlement, Pfizer also agreed to enter into **an expansive corporate integrity agreement** with the Office of Inspector General of the Department of Health and Human Services [DHHS].

Pfizer: "Once a criminal, you are a criminal for life"?

Did your government inform you that the Covid-19 vaccine is conducted by a criminal entity.

“The U.S. Department of Justice (DOJ) did not cancel Pfizer’s criminal record through a presidential pardon.”

Upon the launching of the mRNA vaccine in December 2020, **both the media and governments Worldwide failed to inform the public that Pfizer had a criminal record with the US DOJ.**

Had they informed the public, millions of lives would have been saved.
